## Screen2: Weather Output of Enter City

A screenshot of a web application titled "Weather Api" on a black background. It features two input fields: the first is light blue and contains the text "Mumbai"; the second is white with a black border and contains a long alphanumeric string "UNWMTQALQ99M357GVJ2ZU7846". Below these fields is a white button with rounded corners and the text "Submit".

## C] Token mismatch

A screenshot of a web form with a dark background. At the top, a white error message box displays the text "127.0.0.1:5500 says" and "Access Token must be at least 25 characters long." with a blue "OK" button. Below the message, there are two input fields. The first field contains the text "Nashik" and has a red "x" icon on the right. The second field contains the text "UVWMTQALQ9BM357GVJ3ZU" and also has a red "x" icon on the right. At the bottom of the form is a white "Submit" button.

127.0.0.1:5500 says  
Access Token must be at least 25 characters long.

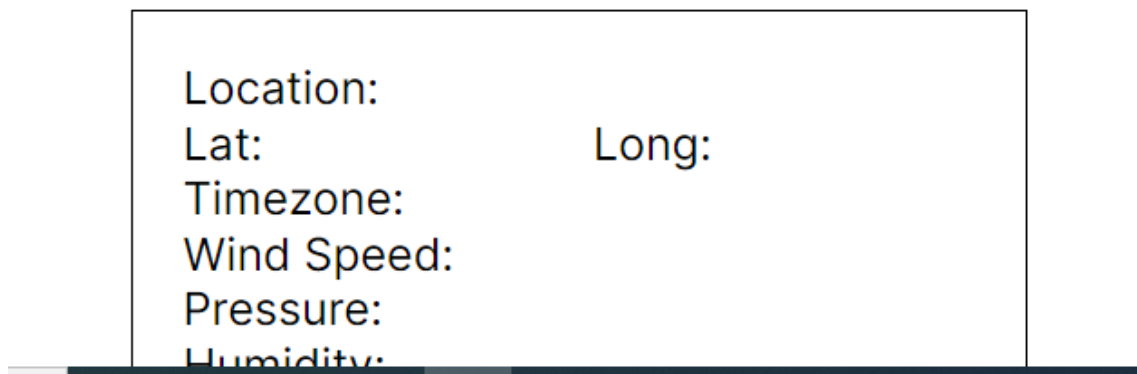

OK
